

For us curious MESSUKLUBI

Reach your target group effectively!

Messuklubi is a club for anyone interested in the events targeted for the general public and held at Messukeskus Helsinki. The members receive newsletters from their favourite events 6-8 times a year and the membership is free. The newsletters attract visitors to the event, include special offers, invite people to take part in lotteries and other competitions, gather feedback, and reveal information about the event's programme already well in advance. **The newsletters are in Finnish.**

The visitors look forward to the newsletters of their favourite events as they have ordered them personally and are interested in the subject or theme of the event.

There are 19 newsletters and each event has its own members, all in all over 600,000.

Make the most of you participation and book additional visibility in the event's newsletter!

Advertisement - bring your customers to you

The basic option includes:

- text (max 30 words)
- picture (190x190 px tai 295x150 px)
- link or links (guide customers to your company website)

Having an ad in the newsletter is an excellent way to attract visitors to your store, webpage or to your exhibition stand.

Reach your target group effectively!

Banner - dominate the newsletter

There are two size options for banners (600x200 px or 600x100 px) and banners can be linked to your company website.

Organise an event for the members

The members are eager to take part in all kinds of events tailored for them. Would you like to promote your products to this exclusive group of people? Or would you like to organise a pop-up event in your store? Send invitations to this selected group of consumers!

Tell us your ideas and ask for a quotation!
